Feeling just like a cottage, this generous and traditional, top floor apartment has all the space and style you deserve. In a beautifully maintained and charming block of only four, this immaculate apartment has its own private entry and a floor plan that offers flexibility to suite professional couples or local down sizers.

The very large living/dining interacts with the wide central foyer. The modern eat-in kitchen has quality appliances and well designed, hidden laundry facilities. The master bedroom has a large built-in robe and opens through multi french doors to the north-facing sunroom/study area. The large second bedroom with attractive distant outlook to the city skyline is perfect for family or guests or makes an excellent additional living/TV room.
